

HOME & OFFICE

Compact desktop and countertop atmospheric water generator with hot and cold drinking water for homes and workplaces.

Technical specification

Output	Hot & cold
Storage capacity	8 Litres
Water generated	20 Litres/day at 30°C & 80% RH
Water temperature	Cold 6°C / Hot 82°C
Working temperature	15–45°C
Working humidity	30–99% RH
Dimensions	53.1 × 30.7 × 58 cm
Net weight	29 kg
Refrigerant	R134a
Input power	370 W production + 500 W heating
Power supply	AC 110V 60Hz / AC 220V 50Hz
Filtration & sterilisation	Air filter + softening + sediment + ultrafiltration membrane + post-carbon + LED-UV
Display	LCD touch screen

Important performance note

Rated water production depends on ambient temperature and relative humidity. Actual site output may differ from the stated rating. Confirm site conditions, electrical requirements, storage and intended use with WatAir before final specification.
